from the Sale manager

Dear Angus Friends and Fellow Cattlemen,

Welcome to the Twelfth Annual "Denim and Diamonds" Sale and our fifth consecutive year "On the Hill" in Denver. This unique event is the result of the collective efforts of forward-thinking Angus seedstock producers.

Members of the Denim and Diamonds Group have again worked together toward the common goal of assembling an offering of elite Angus genetics that combine performance with excellent phenotype to become competitors at any level in our industry. The genetics and EPDs represented on both sides of these pedigrees are second to none, as is the visual quality of the live offering.

Phenotypically, the 2014 sale offering is especially strong, and quality is present throughout. As the name suggests, "Denim and Diamonds" is a unique blend of two segments of the Angus industry. The 2014 Denim and Diamonds Sale combines the influence of the breed's most valuable and proven performance families with the deepest and most elite show prospects and herd sires in the country. The embryo matings and heifer pregnancies feature cutting-edge genetics that are sibs to some of the most popular champions and herd sires in the industry.

The herd sire candidate, open show and donor prospects and the bred heifer are second to none. The focus of this sale remains on quality, and you will find that, like a diamond, each lot is distinctive in its own way.

I encourage each of you to evaluate your own situation and your breeding goals, and on Thursday, January 16, please join us at 2:00 p.m. following the Junior Angus Show in Expo Hall 1 to view the cattle and enjoy food and refreshments, and then at 5:00 p.m. in the National Western Beef Palace Auction Arena to take advantage of the knowledge and cutting-edge efforts of these breeders and their programs. Whether you are seeking your next herd sire, donor dam or your next show ring champion, you will find it among this exceptional offering.

If I can be of assistance in any way, please let me know.

Sincerely,

Matt C. Sims

- Selling 1/2 interest and 1/2 possession.

It is rare to find a young sire that meets the needs of all facets of the industry, but that is exactly what Xcellence accomplishes. Xcellence combines flawless phenotype and the Angus breed's hottest genetics with impeccable individual performance and attractive numerical balance for all measurable traits. His genomically enhanced EPDs rank among the non-parent bull population in the top 1% for YW, CW, SF and SB; the top 2% for WW; the top 3% for RADG; the top 4% for RE and SW; the top 10% for Doc; the top 20% for SG and the top 25% for Milk, Marbling, SQG and SYG. He complements these attributes with a PF50 profile that ranks in the top 1% for YW and the top 5% for WW.

Henrietta Pride 643T, the \$390,000-valued dam of Xcellence, is a full sister to the proven growth and CW leader Upward 307R and anchors the elite donor programs at Pollard Farms, Express Ranches and Deer Valley.

A full sister to Xcellence, Deer Valley Henrietta 3168, was the top selling \$135,000 half interest selection of BoBo Farm from the 2013 Deer Valley Sale, where maternal sisters to Xcellence included Deer Valley Henrietta 2636, the \$50,000 selection of Wheeler Farms; Deer Valley Henrietta 3131, the \$42,500 half interest selection of Vintage Angus; Deer Valley Henrietta 3122, the \$42,500 half interest selection of Vintage Angus; and Deer Valley Henrietta 2908, the \$35,000 selection of Carlson Angus.

Other maternal sibs to Xcellence include Significant 1769B, the \$135,000 top seller of the 2012 Bases Loaded Sale and feature of the Genex roster; Waukomis 1539, the \$110,000 top seller of the 2012 Pollard Farms Sale, selected by Rimrock Productions; Henrietta Pride 1554, the \$80,000 top-selling female of the 2012 Pollard Farms Sale, selected by Vintage Angus Ranch; Henrietta Pride 1044, the \$64,000 selection of Vintage Angus Ranch as the top-selling female of the 2011 Pollard Farms Sale; Henrietta Pride 1009, the \$60,000 top-selling bred heifer of the 2012 Pollard Farms Sale to 7T Farms; Henrietta Pride 0533, the \$40,000 half interest top-selling female of the 2013 Pollard Farms Sale to Tennessee River Music, Inc.; Henrietta Pride 2539, the \$31,000 top-selling heifer of the 2013 Pollard Sale to Vintage Angus Ranch; Henrietta Pride 1970, selling in the 2013 Big Event to Allison Family Trust; and Henrietta Pride 5162, also selling in that offering to the partnership of Ward Farms and James Ratliff, III.

• Bred A.I. 5.2.13 to SAV Brilliance 8077. Checked safe.

This special sale attraction is a direct daughter of two Denver champions and is sure to be among the favorites in Denver this year "On the Hill." Her sire, Famous 7001, was Grand Champion Bull in Denver in 2000 and at the 1999 North American International Livestock Exposition in Louisville, KY, before becoming one of the most prolific sires of champions in the Angus breed. The \$40,000 dam of Lot 2, Wells Beauty 12W, was the 2004 National Western Stock Show Grand Champion Female and a prolific donor and producer of champions for Gamble Angus and Double R Bar before joining the donor stable at Broken Arrow USA.

Maternal sisters to Lot 2 include Gambles BSJ Beauty 1120, the \$16,500 2010 Gamble sale feature who went on to be the 2012 National Western Stock Show Reserve Grand Champion Female in the junior show for Calli Bayer of Wisconsin after being named Reserve Junior Champion Female at the Wisconsin State Fair and Champion Female of the Illinois Spring Showdown; the \$66,000 Gambles Beauty 3128, the second top-selling female of the 2008 Gamble Sale who went on to become the 2009 Early Spring Heifer Calf Champion at the Atlantic National ROV Angus Show; and the \$25,000 Gambles Beauty 3058.

Beauty Y227 blends power and angularity to yield the look and presence needed to transmit tremendous show ring potential to her offspring. If you are in need of a true show heifer producer, here is one that you can't miss.

• Selling a heifer calf pregnancy due 3.22.14.

This mating produced an exceptional flush of heifers that was well received in the 2013 Partners for Performance Female Sale, selling for \$34,000 to Garrett Coffland, Blairstown, IA; \$20,000 to Dylan Denny, Lubbock, TX; and \$16,000 to Gohr Angus, Madras, OR.

The sire, Dameron First Class, sired the Grand Champion Female at the first three national shows of 2013 with three different daughters! This year's show heifer offering at Express Ranches' Big Event was topped by a First Class daughter at \$150,000. Flush sisters to this heifer pregnancy brought \$25,000 and \$27,000 in that same sale.

The dam of this mating is one of the great donor cows ever to walk the pastures at Silveira's. She has produced nearly 30 show heifers that have gone through their fall female and spring internet sales that have averaged over \$19,000 per head. She is also the dam of the great Silveiras Conversion 8064. If you are not using him in your A.I. program, he is certainly one to look at. This cow is a solid producer, not to mention the other herd sires, embryos, pregnancies and flushes she has produced that make her one of the all-time money earning donors at Silveira Brothers.

A maternal sibling to this heifer pregnancy, Silveiras Saras Dream 2335, was a \$36,000 half interest heifer in the 2012 Partners for Performance Sale and was named Champion Female at the 2013 American Royal ROV Show, Champion Female at the 2013 Western Idaho ROV Show and Reserve Supreme Female at the 2013 California State Fair. She additionally won Reserve Division Champion at the 2013 ROV Show in Denver for the Colburn family. Other maternal siblings include Silveiras Saras Dream 1349, Supreme Champion Female at the 2013 Cattleman's Jackpot for Parkerlyne Barnes, and Silveiras Saras Dream 1339, Supreme Champion at the 2012 Western Bonanza and Division Champion at the 2012 National Junior Angus Show for the Colburn family. Additionally, in this year's Partners for Performance Female Sale, half interest in two more maternal sisters sold to Shane Myers, Colusa, CA, and Carson Lott, Sapulpa, OK, for \$23,000.

This mating of the triple-crown winning First Class with S609 is proven and offers limitless earning potential.

This sale feature is right and ready for heavy competition. Polly 315 has already found the winner's circle, being named Reserve Division Champion at the recent Hoosier Beef Congress. This elite show and donor prospect blends the deceased sire of champions EXAR Lutton 1831 with the foundation Polly of the SK Patton Family program, Polly 215. The most famous maternal sister to Polly 315, SK Patton Polly 814, was the 2009 Indiana State Preview Show Grand Champion, 2009 Indiana State Fair Grand Champion Female and the 2009 Reserve Late Junior Champion at the National Junior Angus Show held in Perry, GA. This March prospect has what it takes to be in the purple and offers unlimited genetic potential for producing top-notch show heifer prospects and elite heifer calves once her show career is complete.

Offered with Mike Connor, Otterbein, IN.

This show and donor prospect offers the rare combination of flawless phenotype combined with true genetic value. A maternal sister to 3114 by Hoover Dam was the \$7,500 selection of Bob Ballew out of the 2013 Denim and Diamonds Sale. Her three-year-old dam is a member of the donor herd at Pollard Farms. Her maternal granddam, Ever Entense 4038, was the \$60,000 selection of Turner Farms and Rimrock Ranches through the 2008 Limestone Sale. Her great-granddam, Ever Entense 491G, went to Limestone after serving as the cornerstone of the C&H Cattle Company program. C&H selected her as the \$320,000 one-time record-selling full interest female through the Bittersweet Station dispersal. Ever Entense 491G records WR 3@103 and YR 3@110 while showing an ultrasound REA ratio of 68@103. Twenty-eight daughters of this foundation female maintain a combined WR of 50@103. The dam of Ever Entense 491G was the \$210,000 half interest female and matriarch of the Shady Brook Angus program and posts a WR of 7@117 and YR of 7@111 while carrying ultrasound ratios of IMF 84@101 and REA 85@100. Eighty-six daughters of Everelda Entense 1137 maintain a combined WR of 204@101.

Lot 5 is one of the most powerful females in this year's offering in terms of muscle mass, rib and volume. Her EPDs are genomically enhanced and rank in the top 1% of non-parent Angus females for \$W and \$B, the top 2% for WW and SG, the top 3% for RE, the top 4% for YW, the top 5% for SQG and SYG and the top 10% for Milk, Marb and \$E. With her physical attributes, EPD profile, 114 weaning weight ratio and impressive PF50 results, Ever Entense 3114 is one of the most unique daughters of Consensus offered to date and is destined to make her mark on the breed!

- Selling a heifer calf pregnancy due 4.24.14.

The sire of this mating, EXAR Classen 1422B, was the 2012 Denver Champion Pen lead off bull and Express Ranches' spring bull sale topper. He has captured the attention of many as a sire of calves that possess that "wow" and "pizazz" factor that drives show heifer calf sales. A son of a Denver Champion and out of a daughter of a Denver Champion who is a sister to a Denver Reserve Champion, this leading son of the now-deceased Triple Crown winner Dameron First Class is quickly becoming the choice of many breeders to lead the way in "class" genetics.

A maternal sister to this mating, Silveiras Elba 2518, was a modest \$8,500 purchase by Raylyn Thompson, Adair, OK, in the 2013 Silveira Brothers fall show heifer internet sale and went on to win Division 2 Calf Champion Owned Female at the 2013 National Junior Angus Show in her first time shown.

The dam of this mating was a feature donor in the 2012 Bases Loaded Sale. Her dam, Silveiras Elba 2520, was the 2009–2010 ROV Embryo Dam of the Year and records a WR of 6@108 and a YR of 4@103 while showing ultrasound ratios of IMF 28@100 and REA 28@102. Full siblings to Elba 6551 include Style 9303, the \$202,000-valued highlight of the 2010 Bases Loaded Sale who went on the reign as the Grand Champion Bred-and-Owned Bull of the 2010 National Junior Show; Trubador 8551, the 2010 ROV Show Bull of the Year; Elba 6540, the \$54,000-valued and top-selling female of the 2010 Silveira Brothers Sale, selling half interest to Skylynn Farms; El Capitan, a many-time champion; Elba 8546, the 2010 National Junior Show Reserve Grand Champion Bred-and-Owned Heifer who was also Grand Champion Female of the 2010 Western Idaho ROV Show; and Stride 9324, Reserve Grand Champion Bull of the 2010 Western Idaho ROV Show for Silveira and Shandar Angus.

This mating is definitely "bred in the purple."

The dam of this mating, Silveiras Elba 6540, is a proven producer of winners. She is the dam of Silveiras Elba 2342, the \$20,500 purchase of Shayne Myers in the 2012 Silveira Sale who went on to be a Division Champion at the National Western Stock Show, Champion Female at the California State Junior Preview Show and most recently the Reserve Champion Owned Female at the 2013 National Junior Angus Show. A flush from Elba 6540 sold to Doug Bell for \$12,000 in the 2013 Silveiras Brothers Sale.

Full sibs to the donor dam of this mating include Style 9303, the \$202,000-valued highlight of the 2010 Bases Loaded Sale who went on the reign as Grand Champion Bred-and-Owned Bull of the 2010 National Junior Show; Trubador 8551, the 2010 ROV Show Bull of the Year; Silveiras Elba 6551, who is the dam of the Lot 6 pregnancy in this sale; El Capitan, a many-time champion; Elba 8546, the 2010 National Junior Show Reserve Grand Champion Bred-and-Owned Heifer who was Grand Champion Female of the 2010 Western Idaho ROV Show; and Stride 9324, Reserve Grand Champion Bull of the 2010 Western Idaho ROV Show for Silveira and Shandar Angus.

The \$62,500 sire of this mating, Unbelievable, is an incredibly designed calving ease sire that owns unique neck extension, unquestioned structural soundness, extra special belly depth and super muscle shape.

This March prospect sired by the calving-ease standout Sitz Dash 10277 offers a great opportunity to own a heifer that offers the total package. She ranks in the top 5% for CED, top 10% for BW and top 15% for both REA and Docility. She is the No. 1 2013 heifer in the Foxy Goldie cow family. Her maternal grandam, DPL Foxy Goldie 1084, has produced six natural calves with a weaning ratio of 104, a yearling ratio of 103, an IMF ratio of 120 and a REA ratio of 109. Her dam, DPL Foxy Goldie 9015, had three natural calves in a 360-day interval with all ratios over 100. 1084 produced DPL Timeline, a powerful herd sire for Ward Ranches in Nevada.

DPL Foxy Goldie 3028 is a paternal sister to DPL Foxy Frieda 2024, the heifer calf that sold through the 2013 Denim and Diamonds Sale to Raise 'em Right Ranch in Utah. DPL Foxy Frieda 2024 went on to win the Late Spring Calf Division at the Western National Angus Futurity and Reserve Champion at the Western Bonanza as well as at the Oregon State Fair Junior Show.

DPL Foxy Goldie 3028 has that same powerful look with massive rib shape and capacity. She is huge hipped and has excellent muscle shape that carries to a very attractive front end in a structurally superior package. A unique female from the top of the Dal Porto program!

This February standout sired by Connealy Right Answer 746 offers a complete package of superior phenotype and genetic opportunity. She ranks in the top 10% for WW and YW EPDs and for Feedlot \$Value as well as ranking in the top 2% of the Angus breed for \$W.

DPL Erica 3003 stems from the powerful Erica family. Her dam, Erica 1001, is a first-calf heifer that calved at 23 months of age and had a 120 weaning ratio with a 114 yearling ratio. Her maternal grandam, 9007, boasts an average production ratio of 118 for weaning weight and 114 for yearling weight.

DPL Erica 3003 offers all of this in a superior patterned, big hipped, huge ribbed package with a stylish and feminine front end. This female will be at the top wherever she goes and has the ability to produce a great one when she goes to work. An outstanding prospect from a powerful cow family!

G A R LOAD UP 1682
Maternal grandam of Lot 10

This powerful donor prospect is from the featured Blackcap in the 44 Farms donor program, Blackcap 7977, and is sired by the \$120,000 multi-trait 44 Farms sire, Capitalist 028. Blackcap 7977 is a direct daughter of the \$80,000 foundation donor in the Express Ranches, Finley Brothers and SandPoint Cattle Company programs, Load Up 1682, and is sired by the long-time Quaker Hill Farm herd sire battery leader S S Objective T510 0T26. All total, 7977 has generated over \$88,000 in progeny and embryo sales for 44 Farms, including two maternal sisters to Lot 9 by Consensus that sold to Vintage Angus for \$13,500 each in the 2012 44 Farms Female Sale.

The dam of Blackcap 7977 is a daughter of the \$300,000-valued member of the Riverbend Ranch and Express Ranches donor programs, New Design 1200, and has produced several Big Event highlights including, Load Up T444, the \$50,000-valued member of the Rutherford Ranches and Deer Valley Farm joint donor programs who is a full sister to the dam of 3117; Rita T1190, a highlight of the 2012 Daltons on the Sycamore Sale selected by Rolling Hills Farm; and Blackcap 0872, the selection of Missing S Angus in the 2011 EXAR Big Event.

3117's GE-EPDs rank in the top 1% of non-parent Angus females for WW and \$W, the top 5% for YW, the top 10% for \$F, the top 15% for \$QG, the top 20% for Marbling and \$G and the top 25% for Milk.

This daughter of the \$120,000 multi-trait 44 Farms sire, Capitalist 028, is one of the most unique and attention-generating females in the offering. Her powerful build and body type are in high demands by today's standards, while she also offers style and balance in a complete package.

A058 couples her impressive phenotype with EPDs and \$Values that rank in the top 2% for YW, Doc, \$W and \$F; the top 4% for WW; the top 5% for RE; the top 15% for \$G, \$YG and \$B; the top 20% for BW and \$QG and the top 25% for CED. Additionally, her Pfizer Molecular Value Predictions and ranks find her in the top 25% or higher for eight traits. Don't miss the opportunity to add this impressive young brood cow to your operation or donor herd!

BUYER'S CHOICE PREGNANCY BCII SHOW CATTLE

The dam of the Lots 12A and 12B buyer's choice heifer calf pregnancies, Lucy 7177, topped the LaGrand Dispersion at \$18,000 in April 2012. Her impressive progeny ratios of BW 3@95, WW 3@108, YW 3@109 and %IMF 2@112 are further evidence of her brood cow and donor potential. If you like them stout and highly maternal, you will love this female.

Lucy 7177 produced BCII Lucy 6213, the \$40,000 half interest heifer through the first annual BCII online Angus heifer sale to Madison Stockdale, Waynetown, IN; and BCII Lucy 3713, the \$8,500 full sib to the Lot 12B pregnancy that sold to Neil Ellmore, Covington, IN, in that same sale. Lucy 7177 produced a total of six daughters that averaged \$16,000 last fall through the BCII internet and private treaty sales.

Sired by two of the most prolific sires of champions that the Angus breed has ever known, the potential in these matings is unlimited.

- Selling the buyer's choice of the Lot 12A pregnancy, sired by First Class, or the Lot 12B pregnancy, sired by Lutton.

The sire of this mating, SAV Best Interest 0136, represents all of the distinctive qualities of the ideal Angus bull, both phenotypically and on paper. He was selected by Gordon Resources, Beitelspacher and Sooline as the \$47,500 top-selling feature of the 2011 Schaff Sale, where he earned an IMF ratio of 130. Best Interest is super complete and attractive, with masculinity, muscle and perfect structure.

His beautiful dam, by Net Worth, is the No. 1 Marbling cow in the SAV herd and has joined the embryo program in the tradition of her Pathfinder® dam, who records a weaning ratio of 108 on seven calves.

DAMERON QUEEN MOTHER 150
 Dam of Lot 14

3019 offers balance and eye appeal without sacrificing power. Her added dimension and broodiness suggest long-term value and true return on investment. Whether enhancing your herd's visual quality or adding to your donor pen, here is a female you don't want to miss.

Sired by Brilliance, 3019 complements her phenotype with exceptional EPD balance across her numerical profile to open the door to unlimited mating potential. She was in dam when 150 was selected by Pollard Farms as a bred heifer from the 2012 Dameron Sale, where half interest in a maternal sister to Queen Mother 150 sired by First Rate was purchased by Emily Brooks, Prophetstown, IL, for \$34,000. Her young mother did a tremendous job raising her first natural calf, as is evident in the adjusted weaning weight posted by 3019 of 709 pounds after a moderate birth weight of 56 pounds.

Empress 3104 is a stout, thick made female whose width advantages start at her base and maintain to the top side of her skeleton. This bold sprung, good bodied show and donor prospect offers the look of low input with the added power needed in today's industry. She complements her phenotype with attractive numerical balance.

The dam of 3104 was on the side of her granddam when Pollard Farms selected the pair from the 2009 Oklahoma State University Cowboy Classic Sale. In the 1990s, the famous fourth dam of 3104, DF Empress 6079, gained national recognition as a result of producing several sons which would become grand champions in the show ring. This cow was the Angus ROV Embryo Transplant Dam of the Year in 1994. Her sons include OSU Precision, Grand Champion Bull at the All-American Futurity and Reserve Champion at the North American in 1993; OSU Ultra, Reserve Champion Angus Bull at Denver in 1994 before being named Grand Champion at the National Western in 1995; and OSU Panama, Grand Champion Bull at the 1996 All-American Angus Futurity and Tulsa State Fair and the 1997 Western National Futurity in Reno, NV. Empress 6079 was the first female to ever produce all of the "Best Six Head" at the North American in 1993 and all three bulls in the Champion "Pen of Three" at the 1994 National Western Angus Show. In 1997, OSU exhibited the Champion Pen of Three Angus bulls at the National Western; the group included one direct son of 6079 and one grandson. The lead bull in the 2009 Reserve Champion Pen of Three Bulls at the National Western, OSU Currency 8173, also descends from this famous matron. To this day, some of the most productive, highest income-producing females in the OSU purebred herd are daughters and granddaughters of OSU Empress 6079.

The \$150,000-valued sire of Lots 16A and 16B, First Degree, was the 2013 Denim and Diamonds Sale feature Lot 1, selected by the syndicate of Ford Ranch, Rise and Shine, Jim Bloomberg, Troy Pollock, Montgomery Angus Ranch, Werning Cattle Company, Pollard Farms, 4M and Sunsbak Ranch. These flush sisters are among the first progeny to be offered by First Degree. They combine the flawless phenotype we have come to expect from the First Class line and truly bridge the gap between show ring and performance genetics.

On the dam side, the Wendy cow family has been among the most prolific in the Broken Arrow USA herd, and Wendy 040, the famous grandam of these show and donor prospects, has helped build that legacy with the job she has done in both the Broken Arrow USA and Express Ranches programs. She was a member of the famous flush that mated Russ with Wendy 618. The dam of Lots 16A and 16B was a donor in the LaGrand program before rejoining her birth herd after Troy re-acquired her through the LaGrand dispersion. Wendy 3125, a full sister to Wendy 5133, produced over \$100,000 in embryo progeny in 2010 alone for Silveira Brothers and Express Ranches, including Silveiras Wendy 0301, a daughter that sold in the 2010 Silveira Sale that was Reserve Early Spring Calf Champion at the 2011 WNAF Junior Show for Austin Traynham, Maxwell, CA.

Rita 3084 is a stylish female with an attractive front end, length and depth of body. Coupling all of this on a sound structural base suggests longevity and added value for any operation following a successful show career.

The dam of this donor prospect, Rita R189, is a direct daughter of the \$3.5 million producer and former breed IMF leader GAR Prime Time 2409. Full sisters to R189 include Prime Time 2409 529, the \$80,000 top-selling female of the 2006 Foundation Female Sale during the National Western to Limestone; Rita 4114, the \$50,000 top-selling open heifer of the 2006 Bases Loaded Sale in the O'Neal Genetics program; Rita 4113, the top-selling female of the 2005 Maplecrest Sale to Callaway Angus and Evans Farms; and Rita 4112 at Maplecrest Farms. Maternal sisters to R189 include Rita R391, the \$440,000-valued and top-selling female of the 2006 Limestone Sale to Three Trees Ranch and 7L Farms; Rita R379, the \$220,000 top-selling full interest heifer of that same event to Monarch Farms and Collins Angus; Precision 492, the \$250,000 top-selling female of the 2006 Express Ranches Sale; and Rita R138, the top-selling bred heifer of the 2006 Baldrige Brothers Sale.

• Sells open.

Looking to add power and width while sustaining the style worthy of front-pasture status? Blackbird 3628 blends visual excellence with the look of easy maintenance. Her impressive profile and extra stoutness lend to many breeding options while laying the foundation for profit-generating potential. Her \$20,000 dam was a many-time champion for the Holder family.

The former \$30,000-valued maternal grandam of this daughter of First Rate, Blackbird 1262, was a featured donor for Limestone and Black Gold before she sold in the 2008 Limestone Sale for \$16,000, while two maternal sibs to the dam of Lot 18 sold for \$20,000 and \$9,000 in that same sale. This prolific donor blends Precision with the former Dalton donor Blackbird 833E, who records BR 3@97, WR 3@110 and YR 1@107 while posting an ultrasound REA ratio of 9@104. Fifteen daughters of Blackbird 833E maintain a combined WR of 43@103. Full sisters to the grandam of Lot 18 include Blackbird 3, the \$13,000 selection of Dubas Cattle Company through the 2008 Dalton Sale; Blackbird 1258, sold to Lindell Angus through a past Daltons on the Sycamore Sale; and Blackbird 228, a foundation female in the Sundberg Farms program. Through the 2007 Limestone Sale, two heifer pregnancies from 1262 were selected by Turner Farms for \$10,500 each, while a daughter sold to NER Farms. In the 2007 Oklahoma Angus Gathering, a full sib heifer pregnancy to the dam of Lot 18 sold for \$7,000. Other maternal sisters to the dam of Lot 18 include Blackbird 5206, the selection of Herdland Angus through the 2006 Dalton Sale; and Blackbird 4282, the selection of Seagraves Angus through the 2005 Dalton Sale.

• Sells open.

This perfectly symmetrical, wide based, clean jointed show and donor prospect has hair to please the most discriminating showman. Pretty Woman combines the K Bar D herd sire Proof Positive with the never-miss consistency of the Lucy cow family.

Pretty Woman 34A's maternal sib, KBARD Pretty Woman 1Y, was the 2011 Reserve Calf Champion at the Oregon State Fair ROV and went on to be the Cascade Spectacular High seller at \$10,000. Also the winner of the \$2,000 Spectacular Futurity for Zane Barragree, she went on to be Reserve Grand Champion Female at the 2012 Montana Fair in Billings.

Another maternal sister to Lot 19, K Bar D Pretty Woman 1Z, sold in the 2012 K Bar D Sale for \$6,500 to Bill Grissom, Hilmar, CA.

The dam of Lot 19 posts impressive progeny ratios of BW 4@99, WW 4@101, YW 1@103 and %IMF 1@126.

- Selling the buyer's choice of seven ET heifer calves due 2.7.14.

Offering choice of seven flushmate heifer calves due in February that are full sibs in blood to EXAR Forever Lady 1414, who was named the Reserve Grand Champion Owned Heifer at the 2012 National Junior Angus Show and Reserve Grand Champion Owned Female at the 2012 Western Regional Junior Angus Show for Sydney Schnoor.

The dam of these sisters is a full sister to the \$200,000-valued Forever Lady 5309, who produced Forever Lady 1414. She has been a top producer, with three daughters selling to Hailey Traynham, Maxwell, CA; Kenneth Waller, Tuttle, OK; and Tyler Tasker, Martinez, CA, for an impressive average of \$10,000.

The dam of this mating, Forever Lady 500R, is a direct daughter of the famed donor VAR Forever Lady 4304. 4304 began early in life writing her own chapter in Angus history by capturing Reserve Grand Champion Female honors at the National Western Stock Show. Her legacy has been carried on through her progeny. She produced the \$95,000 top-selling show heifer prospect of the 2005 EXAR Big Event that went on to sell for half interest at private treaty for \$100,000 after being chosen Reserve Grand Champion of the 2006 National Western as a heifer calf. That same female, Forever Lady 5309, was named Grand Champion at the 2007 WNAF, with a flush selling to Stevenson Basin in the 2007 EXAR Big Event for \$75,000. The long list of other high-valued progeny from 4304 includes the \$85,000 top-selling female of the 2006 Honor Roll Sale at Express; the \$51,000 Lot 1A heifer of the record-setting 2006 Big Event; and a \$20,000 selection of the Schnoor family who went on to be a division champion at the 2006 National Junior Angus Show.

TERMS: Selling buyer's choice of seven heifer calves due 2.7.14. Selection may be made as soon as the buyer wishes but must be made no later than 8.1.14. Thompson Livestock will house the heifers at the side of their recipient dams in Stillwater, OK, until the selection is made. Payment is due at the time of sale.

The now-deceased dam of Maxine 1360, 4J Lady VRD Maxine 3610, is known for transmitting power and style to her progeny, and this April show and donor prospect is further proof. 3610 produced KB Max Out 819, a maternal brother to this lot, who was named Reserve Grand Champion Bull at the 2010 Fort Worth Stock Show ROV Show and the 2010 National Western Intermediate Champion Bull. In addition, Max was named Grand Champion Bull at the 2010 Dixie National and the 2009 Houston Stock Show, Senior Champion at the 2010 Houston Stock Show, Reserve Calf Champion at the 2009 National Western, Division Champion at the 2009 State Fair of Texas and a class winner at the 2009 Fort Worth and 2011 National Western shows. All total, the 46 siblings to Maxine 1360 have sold for \$248,050 for an impressive average of \$5,392. Most recently, a daughter of 3610 by First Impression was selected by Jake Barnes as his pick of the 2012 fall KB Cattle Company calf crop that was purchased in the fall 2012 Texas Limited Edition Sale. In the 2012 Denim and Diamonds Sale, a son of 3610 sold to Burns and Webster in Iowa for \$10,000, and a daughter sold to Acuri Ranches in Oregon for \$6,700.

Other maternal sibs to Lot 21 include KB Lady Maxine Lot 877, who sold for \$8,900 to Colton Dahl in Utah and was named Grand Champion at the Utah Angus Association Field Days, Reserve Champion Angus at the Utah State Junior Livestock Show, Division Champion and Fourth Overall at the 2009 Utah State Fair Junior Show, Division Champion and Fifth Overall at the 2009 Utah State Fair, Reserve Division Champion at the Southeast Utah Area Fair and a class winner at the Idaho Junior Beef Expo; and SKCC Maxine Lutton 801, who was named Division Champion at the 2009 National Junior Angus Show, Reserve Grand Champion at the 2009 Nebraska Junior Angus Show, Champion Angus and Reserve Supreme Champion at the 2009 Nebraska State Fair, Champion Angus and Third Overall at the Nebraska AGR, Champion Ring A and Reserve Champion Ring B at the 2009 Sneak-a-Peek and Champion Angus and Supreme Overall at the 2009 Lancaster County Fair. Other progeny of 3610 include KB Lady Maxine 95041, the \$13,500 top selling lot in the 2009 KB Cattle Company Production Sale.

- Sells open.

Princess 3353 is a granddaughter of the \$70,000 EXAR Princess 5464, who was exhibited successfully by Brooklyn Bell of Oklahoma to finish second in the ROV Junior Champion Female of the Year standings for the 2006–2007 show year after being named Junior Champion at the 2007 Southwestern Exposition in Fort Worth and Reserve Junior Champion at the 2007 National Western.

Maternal sisters to the dam of Lot 22 include KB Princess 819 180, the \$12,000 selection of Britt Lockaby from the Spring 2012 Texas Limited Edition Sale, and KB Princess 819 1650, the \$10,000 selection of Jake Barnes from that same sale. 5464's dam, Greens Princess 1012, sold in the 2004 Bases Loaded Sale in Denver for \$200,000 for half interest and was named ROV Dam of the Year (Embryo Transplant) for that same season. 1012 was the 2003 National Western Stock Show Grand Champion Angus Female, the 2003 Western National Angus Futurity Champion Cow/Calf and the 2003 NAILE Reserve Champion Cow/Calf.

This June show and donor prospect combines the Princess family with KB Max Out 819, whose flawless phenotype allowed him to be named Reserve Grand Champion Bull at the 2010 Fort Worth Stock Show ROV and the 2010 National Western Intermediate Champion Bull. In addition, Max was named Grand Champion Bull at the 2010 Dixie National and the 2009 Houston Stock Show, Senior Champion at the 2010 Houston Stock Show, Reserve Calf Champion at the 2009 National Western, Division Champion at the 2009 State Fair of Texas and a class winner at the 2009 Fort Worth Stock Show and 2011 National Western. Princess 3353 possesses the same added rib, bone, dimension, neck extension and profile as her dam, grandam and great-grandam and is destined to yield equally impressive results in the show ring.

Wow—this outstanding mating combines the female producing, banner hanging power of Silveiras Style 9303 with the famed Denver Champion Greens Princess 1012. This pregnancy is a three-quarter sibling in blood to the \$75,000 high selling female in Silveira Brothers 2013 Partners for Performance Female Sale. The stout, impeccably structured dam of this pregnancy is owned by North Camp Angus Ranch and reminds us of her famous mother in many ways. North Camp Angus Ranch is offering breeders a chance at greatness... don't miss it!

The Princess family has been a mainstay at the National Western Stock Show and in the Denim and Diamonds Sale, and the year 2014 is no exception. The dam of these matings, Princess 76P, has been one of the most consistent donors in the Malson herd. A maternal sister to these embryos sold for \$5,800 to Trent Ray in the 2011 Denim and Diamonds Sale. The famous full sister to 76P, Greens Princess 1012, sold in the 2004 Bases Loaded Sale for \$200,000 to Howard Genetics and the Princess Syndicate for half interest and was later named the ROV Embryo Transplant Dam of the Year for that same season. 1012 was the 2003 National Western Stock Show Champion Angus Female, the 2003 Western National Angus Futurity Champion Cow/Calf and the 2003 NAILE Reserve Champion Cow/Calf with the \$52,000 RF Princess 3112 at her side.

The grandam of these matings, the foundation Princess 7418, reigned as the Grand Champion Female of the 1999 National Western, 1999 Western National, 1998 American Royal ROV, 1998 Western Idaho ROV and junior shows and the 1998 Northwest Regional Junior Preview before becoming the star donor in the Green Angus Ranch herd. Blending this proven heritage with two of the breed's most popular sires—Final Product and O'Reilly Factor—offers endless potential to contribute look and function to any operation.

LAF LINS STORM 1102
Maternal sib to
Lots 25A–25B embryos

The dam of the embryo matings selling as Lots 25A and 25B, Laffins Primrose 8153, was named the Grand Champion Cow/Calf Pair at the 2012 National Western Stock Show and is a foundation female for North Camp. This moderate framed, powerfully constructed donor female possesses flawless udder structure and produces a standout calf every year. Her progeny include Laffins Alternative Power 2100, who was the fourth high selling bull at the Midland Bull Test in 2013 to New Haven Angus Ranch, Leavenworth, KS, for \$17,500, and Laffins Storm 1102, who was the calf at side when 8153 was named Grand Champion Cow/Calf Pair at the 2012 National Western Stock Show. Storm was purchased by Silveira Brothers of California for \$10,000 after being named the Late Junior Bull Calf Champion at the 2012 Western National Angus Futurity in Reno.

This North Camp foundation female mated with Buford Oklahoma X239, who was the lead and high selling bull of the 2011 Buford Ranches Bull Sale, and Soo Line Motive, the lead member of the 2010 NWSS Champion Pen of Three Bulls who was a top-selling lot in the 2010 Bases Loaded Sale at \$55,000 for half interest, offers unlimited earning potential.

• Selling a package of four frozen embryos.

SydGen Fate 2800, the sire of this mating, was the highlight of the November 2013 SydGen Production Sale when he became the top-selling bull in SydGen history with 2/3 interest and full possession bringing \$113,000. Cattlemen from across the country keyed in on this extremely well-made, docile son of Trust, and he has lived up to the expectations.

Fate is the kind of bull that can make a lasting contribution to the breed and brings EPD and genomic profiles that will help add value to his progeny for virtually every measurable trait. Fate ranks above the top 10% of all non-parents for 14 of the 17 EPDs and bio-economic indexes and is above the top 25% for all of them.

The dam of this mating, SydGen Forever Lady 7106, was the \$14,000 second top-selling fall pair of the 2013 Sydenstricker Genetics Sale, where SydGen Forever Lady 2069, her daughter and a maternal sister to these embryos, was the \$17,000 top selling bred heifer. Other siblings to these embryos include the \$20,000 SydGen Trustworthy 2012, who was the top-selling bull calf in the 2012 Sydenstricker Sale to Currant Creek Angus, Roundup, MT; Jocko Valley Angus, Arlee, MT; Gary Wall, Billings, MT; Gain & Weigh Stock Farm, Stanley, IA; and Jay E. Coble, Rhodes, IA; and SydGen Copyright 9080, who was one of the most popular Turbo sons in the 2009 SydGen Sale at \$10,500 to Ken Haas Angus, LaGrange, WY. Other sons of 7106 are in service for Big Dry Angus Ranch, Jordan, MT; Larry Robinson, Wellsville, MO; and William C. Snow, Hamilton, MO.

Only 36 other proven Angus dams can match 7106's combination of CED, WW, REA and \$W, and she ranks in the top 130 cows of the breed on the \$W index alone.

Her grandam, Forever Lady 4123, is a long-time favorite cow, and her dam is one of the original females from GDAR and the great-great-grandam of SydGen C C & 7.

O C C DIXIE ERICA 744P *Dam of Lot 27 embryos*

This mating combines two of the most prolific families in the Ohlde program, Dixie Erica and Blackbird, on both sides of the pedigree, line bred to such breed greats as F0203, 6807, EXT and Dixie Erica of C H 1019. The sire, OCC Paxton 730P, is known for transmitting muscle and rib to his progeny while maintaining the udder quality, maternal strength and grass efficiency that the Ohlde genetics are famous for. The donor dam of this mating is a maternal sister to the extremely popular and proven A.I. sire OCC Juneau in this female who is double-bred to the great Dixie Erica family. 744P is now a donor for Coleman Angus in Charlo, MT, after they selected her as the top selling female of the 2012 Tennessee River Music Sale. 744P ranks in the top 1% of the breed for RE and transmits that muscle to her progeny. She currently holds a progeny production record of WR 1@104. Her dam excels with progeny ratios of WR 7@105, YR 6@105 and UREA 44@111. In addition, there are a total of 12 daughters produced from her dam with an average nursing ratio of 101 on 30 progeny.

X278 is a donor for Upchurch Angus and Tennessee River Music that was produced from the Tanner and Whitestone foundation donor Sinclair Lady 2P61 4465, selected as the \$110,000 top-selling full interest cow of the Sterling Hunter Dispersal, where her dam sold half interest for \$55,000 for a \$110,000 valuation.

Tanner Lady 2P61 W711, a maternal sister to X278, was selected by Werner Angus of Illinois as the \$27,500 Lot 1 heifer of the Tanner Inaugural Sale, where other maternal sisters sold to Mindemann Farms, Briction Farm, SandPoint Cattle Company, Sonrise Ranches, Sterling Hunter and Ray Cattle Company. Whitestone Lady X087, another maternal sister, was a \$60,000 feature of the 2008 Whitestone Sale to Double R Bar Farm of Indiana. The impressive array of other popular maternal siblings includes the \$62,500 top-selling Lot 1 female of the first Pine Tree sale in 2007.

This mating couples the \$160,000 Leachman Right Time with Akers Blackbird 9597, who is a maternal sister to OCC Paxton and sired by OCC Missing Link. A maternal brother to the dam of this mating by BC Lookout was the Lot 1 and \$27,000 feature of the 2011 Limestone Bull Sale, going to a group headed by Select Sires. 9597 is powerful in her makeup, deep ribbed and stout boned. Right Time will be an excellent mating on this cow. This same mating sold for \$500 per embryo in last year's Denim and Diamonds Sale to Doug Fisher of Richmond, ON.

The donor dam of this mating is a full sister to B C C Bushwacker 41-93. She has generated \$150,000 in progeny sales, including a \$20,000 bred heifer at Tanner Farms in MS, an \$8,500 daughter that sold to the Decades of Excellence Group, and a \$6,000 daughter that sold through a Tennessee River Music Sale. A full sister to 41-158 was the \$30,000 top-selling Lot 1 female of the 2006 Byrd Cattle Co. Sale to Stoney Fork Angus of Virginia. The sire of these embryos, Chisum, offers a unique maternal pedigree. He displays and transmits a tremendous amount of body mass for a calving ease sire along with top percentile EPD rankings.

The donor dam of the Lot 31 embryos has a unique and interesting pedigree that combines both Everelda Entense 1137 and Everelda Entense 1905. Everelda Entense 38 offers impressive phenotype with the depth of body and extra stifle that she transmits to her progeny. Poe Farms, Dallas, GA, purchased half interest in her as a two year old for \$7,000. The sire of the embryos, Net Return, is a full brother in blood to the performance and muscle leader Net Worth that offers a more moderate birth weight package than his brother. Net Return is a moderate framed bull who is expressively muscled, as is evident in his 16.4 square inch REA measurement.

MF NET RETURN 8197
Sire of Lot 31 embryos

BLACK ACE ZOE 706
 Dam of Lots 32A–32B embryos

The dam of the Lot 32A and 32B embryos had a great show career that included being named Champion Female at the Indiana Open Preview Show as well as being a division winner at the Indiana State Fair Open and Junior shows and a class winner at the National Western Livestock Show, both junior and open shows. Since her successful show career has ended, Zoe has produced some really good ones! Her first heifer calf sold for \$6,000.

Zoe has now entered our donor program. These embryos are the first to be offered, so you will be sharing in some of her earliest genetics.

Owned with Mike Connor, Otterbein, IN.

PATTON LADY AGNES 039
 Dam of Lot 33 embryos

The dam of the Lot 33 embryos compiled an impressive show record that included Calf Champion of the NAILE junior show and class winner in the open show; Reserve Division 3 at the Hoosier Beef Congress; Grand Champion Female and Supreme at the Indiana Preview; reserve division at the National Junior Angus Show; division winner and Reserve Champion Angus at the Indiana State Fair junior show and division champion in the open show; and a class winner at both the NAILE and NWSS as a bred heifer. Her first calf was a second prize winner at Louisville and a division winner as a bred at the Indiana Preview Show. She is owned with Topline Angus, Tremont, IL.

039 stems from four generations of winning tradition pedigrees. She is sired by Ayres Pascalar Easy Upgrade, the featured 2003 Mid-South ROV Senior Champion and the 2004 National Western Stock Show Reserve Senior Champion Bull, and out of a uniquely bred Lady Agnes female that blends the Duff Cattle Company program on the top side through DCC 002 Outlook 472 and back to the former ROV Senior Yearling Show Heifer of the Year, Patton Lady Agnes 913, and Patton Lady Agnes 1054 CAF, the 1994 Hoosier Beef Congress Grand Champion Female that went on to be selected as Grand Champion Overall Female in the 1995 Indiana State Preview Show and was Reserve Junior Champion of the 1995 North American International Junior Show and a maternal sister of a past ROV Show Bull of the Year, CAF Griffin.

The dams of the embryos selling as Lots 34 and 35 are maternal sisters out of the extremely popular and powerful donor Bear Mtn Forever Lady 601, a daughter of the breed-leading growth sire Papa Equator 2928 produced from the Pathfinder Dam Blackcap Lady 384 GDAR.

601 is a maternal sibling to one of the breed's greatest producers, VAR Forever Lady 4304. In addition to 9019 and 657, 601's progeny were highlights of past LaGrand sales and include the \$14,500 half interest Forever Lady 2706. Other maternal sisters to the donor dams of Lots 34 and 35 include SK Patton Forever Lady 701, who resides at Lemenager Cattle Company, Hudson, IL, and has generated over \$200,000 in progeny sales, and a host of other sisters that have averaged in excess of \$20,000.

BSF OPPORTUNIST Z5 Sire of Lots 33, 34 and 35 embryos

The sire of embryo Lots 33, 34 and 35, BSF Opportunist Z5, is sure to be among the most talked-about Angus bulls in Denver. His unique and powerful phenotype has made an impression on all who have seen him. His service to some of the top donors from the Patton Family herd are sure to produce incredible results.

• Selling a package of four frozen embryos.

This unique mating couples a sire that ranks in the top 1% for WW, YW, Milk, \$W, \$F and \$B; top 2% for RE, top 3% for CED, top 10% for Marb and \$QG and the top 15% for \$G among the non-parent sire population with a dam that ranks in the top 1% for WW, YW, RE and \$F; top 2% for \$B; top 10% for Milk; top 15% for Marb, \$W, \$G and \$YG and the top 25% for \$QG among the breed's current dams.

The donor dam of these embryos is a granddaughter of the \$380,000-valued Basin Lucy 3829. This thick and deep-sided young cow offers some of the highest accuracy genomic-enhanced EPD values possible with excellent genomic results from both PF50 and IG384 DNA testing. She weaned her first natural calf at an adjusted weight of 806 pounds.

With more than a million dollars in progeny sales, the grandam of this young cow Basin Lucy 3829, records two natural calves with an average birth ratio of 96 and an average weaning ratio of 109, and 94 progeny scanned have an average IMF ratio of 103 and average URE ratio of 103. A maternal sister to the dam of this female was the top-selling open heifer of the 2012 Stars of Texas Sale.

Denim & Diamonds 2014 Sale Terms and Conditions

Cattle will sell under Suggested Terms and Conditions of the American Angus Association.

Health

All live cattle will be accompanied by proper health certificates for immediate interstate shipment.

Trucking

Truckers believed to be reliable will be available for hire at the sale. Lathrop Trucking coordinates most of the trucking at the NWSS. Contact Randy Lathrop, phone 847.910.4673, or visit his office in the NWSS Stockyards.

Livestock Mortality Insurance

Representatives from James F. Bessler Livestock Mortality Insurance and American Live Stock Insurance Company will be at the sale.

Announcements

Announcements made from the auction block will take precedence over statements in this catalog. We reserve the right to withdraw any sale lot not meeting our specifications prior to sale time.

Expected Progeny Differences (EPDs)

The EPDs included in this catalog were current as of 12.19.13, as reported by the American Angus Association. View the latest EPDs any time at www.angus.org.

As the sale manager, Matt C. Sims Auction, Inc. is only an agent for the seller and has no responsibilities other than those involved in conducting the sale.

Neither the owners, the sale manager nor the National Western Stock Show assume liability for accidents or loss of property.
